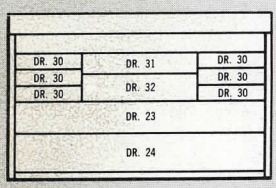
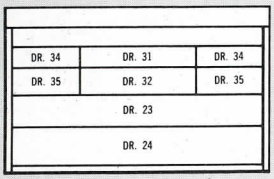
Adjustable drawer arrangements to fit your requirements

MB208

ALTERNATE DRAWER ARRANGEMENT



MB210



MB218

MB-208 CHESTS

All chests are built to receive any of the drawer arrangements shown. Two bottom drawers are permanent—upper drawers variable. Chest is built of heavier gauge steel, with sturdy reinforcing for longer service.

Drawer runners, non-spill type, permit full opening for convenient tool selection. Drawers have continuous pull for easy operation.

Bottom is reinforced with two heavy gauge runners, eliminating possible damage in handling. Chest handles have large supplementary grip to ease load on hands.

Heavy duty tumbler locks, with 2500 positive key changes, and 3-way locking arrangement is furnished for your security. Locks can be keyed alike or master keyed, when specified, with other items except MB-236.

All items are bonderized to resist rusting and chipping, and then finished with baked on red enamel.

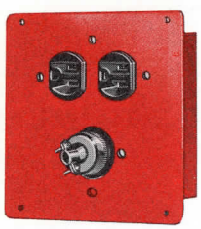
Bottom compartment	34″ x 17 1/4″ x 13 3/4″ high



MB-436 ELECTRICAL COMPONENTS

Comprises lamp and junction box which can be readily added to stand at any time. All stands have provisions for receiving wiring components. Junction box has a Hubbell quarter turn locking plug, both male and female but no lead wire, for power input. Also a double receptacle for output. Lamp will receive up to 100 watt incandescent bulb.

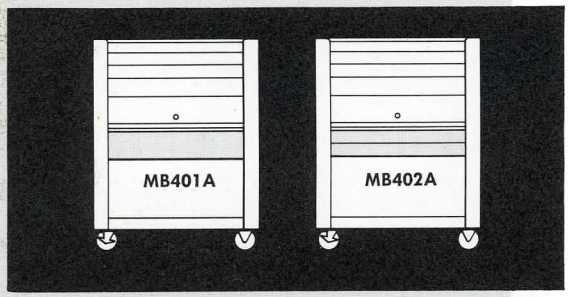
MB-426 ADD-A-DRAWER SECTION

Consisting of three drawers, as illustrated, can be inserted easily in the bottom compartment, at any time, where more drawer capacity is necessary. Drawers are same dimensionally in width, depth and height as lower three drawers in MB-326.
Shipping weight 49 lbs. Net 41 lbs.

MB326

MB326 with MB436 Electrical Components and MB426 Add-a-Drawer section.

MB304A



MB305A with MB405A Adapter Section

MB-304A MOBILE WORK STAND
FOUR DRAWER

This stand is truly a heavy-duty workbench, with well-designed construction features to stand up under the most rugged conditions.

Dimensionally, the top area is 29¼″ x 18½″ with working level of 37″ from floor.

Heavy duty 4″ casters with high impact composition wheels, two swivel with brakes and two stationary, give it the most desirable, maneuverable qualities.

Locking bottom drawer locks all other drawers and drop front panel simultaneously. Tumbler locks can be keyed with all other items except MB 236 chest and have 2500 positive key changes.

These stands have been bonderized for added rust protection and finished with baked-on red enamel.

Built-in provisions have been made in the MB-304A and MB-305A stands to receive items MB-401A and MB-402A drawer sets.

MB-305A MOBILE WORK STAND
FIVE DRAWER

Same as MB-304A stands except five drawers are provided in place of four.

Dimensional Data

MB-304A Work Stand—29¼″ x 18½″ x 37″ high with casters
Shipping weight 154 lbs. Net 138 lbs.

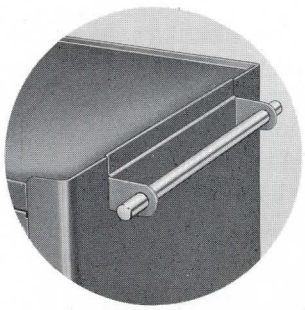
Two top drawers	24⅛″ x 17⅜″ x 2¼″
Third drawer	24⅛″ x 17⅜″ x 3¼″
Bottom drawer	24⅛″ x 17⅜″ x 4¾″
MB-305A	
Two top drawers	24⅛″ x 17⅜″ x 2¼″
Three bottom drs.	24⅛″ x 17⅜″ x 2⅝″

MB-401A ADD-A-DRAWER Section

Consist of large drawer with offset runners, 24⅛″ x 17⅜″ x 6¼″.

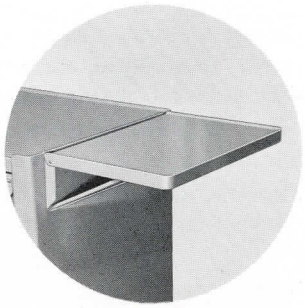
MB-404A/405A ADD-A-DRAWER

Where additional capacity is required in MB-304-A or 305-A stands, these supplementary four or five drawers can be added, and easily installed in field. Always shipped separately.



CMB-100 SIDE HANDLE
FOR ALL MBC STANDS

Chrome plated tubular handle bar, extends over each end for lead storage, and easily installed in field.



CMB-440 SIDE SHELF
FOR ALL MBC STANDS

Folding shelf 15½″ x 12″ hooks over top lip of stand to increase working area. 16 gauge steel. Finished with baked on red enamel.

MB-229 NINE DRAWER CHEST

Here is a chest with 50% more capacity than the MB-206 or MB-208 Chests, but still fits on MB-413 Add-a-Drawer section or stand MB-314.

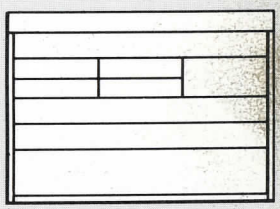
Chest has all the MBC quality features of other items, that is, heavier gauge steel, extra reinforcements, continuous drawer pulls, full opening, 3-way lock arrangement actuated by heavy duty tumbler lock with 2500 key changes. Can also be keyed with other items except MB 236 chest. Top compartment is partitioned to receive universal Tote Tray MB-51—although this is not included with chest. Two heavy runners are at bottom of chest add to strength and prevent damage in handling. Finish red baked on enamel applied over bonderized surface.

MB229

MB-228 EIGHT DRAWER CHEST

A deeper drawer has been substituted for two smaller drawers to provide for drill storage, when desirable. All other details are the same as MB-229.

Optional Drawer Arrangement



MB228

Dimensional Data

MB-229, 228 Chests—26″ x 14¾″ x 17¾″ High
Shipping weight 101 lbs. Net 89 lbs.

Top row drawers	7″ x 13 3/16″ x 1 11/16″ high
Second row drawers	7″ x 13 3/16″ x 2 1/16″ high
Third drawer	23 1/8″ x 13 3/16″ x 2 1/16″ high
Fourth drawer	23 1/8″ x 13 3/16″ x 2 1/16″ high
Bottom drawer	23 1/8″ x 13 3/16″ x 3 3/8″ high
Drill drawer	7″ x 13 3/16″ x 3 7/8″ high

MB-203 THREE DRAWER CHEST

Here is a larger small chest; ideal for mechanic. Note the dimension from front to back is same as MB-206 and MB-208, adding considerably to storage space. Also—added head room in top compartment permits using standard MB-51 Tote Tray—with larger capacity. Tote Tray is not included with Chest. Drawers have continuous pulls, full opening non-spill type runners, with heavy duty tumbler locks. Furnished bonderized, with finish coat of baked on red enamel.
